

DISTRICT 7450 SEEKS HELP FOR PHILIPPINE DISTRICT 3830

This past spring, District 7450 welcomed a Group Study Exchange team from District 3830 of the Manila area of the Philippines. As you may have heard, the Philippines, and in particular, Manila, was besieged by a super-typhoon in late September. A second typhoon hit the northern Philippines later in the same month.

The District 7450 GSE committee has been in contact with our Filipino friends. They are safe but struggling to help their families, neighbors and friends. We would like to help in their efforts and that spirit, The Longwood Club has designated \$1000 towards this effort while the Main Line Rotoract is sponsoring a clothing drive.

If you and/or your club can be of assistance in this time of need, please contact Karen Strawhacker at karen.strawhacker@comcast.net

Thank you in advance for your consideration.
