

Erik Friend sent me the message below. Erik is director of ALEM in Mexico.

Several of our clubs have been sponsoring this project for quite sometime now. Sometimes we aren't aware of the impact those donations make. The story below is a heart warming one. There are simple things and, in this case a few words, that just bring me back to earth. Irene, a young woman en ALEM that is in a wheelchair and paralyzed from the chest down because she was accidentally shot by the police 11 years ago wrote this on her Facebook page:

There is no doubt that my "hard work and dedication have been worth it each time we demonstrate our entrepreneurship and the quality that we can do thanks to ALEM for opening its doors to me, for offering the warmth of family and above all for trusting in me, thank you Mayra
Thank you Erik Friend I read it I know why we are here and what it is all about.
Thank you all for helping make this possible. Blessings, Erik
