

Eight families with special needs kids ranging in age from 5 to 18 were awed by Longwood Gardens, the holiday lights, and the Conservatory. Longwood Rotary members and Longwood Gardens tour guides worked together to take the 28 family members throughout the Gardens and visit the Pierce House. The kids especially enjoyed meeting Santa Claus and one of his elves during dinner, which was provided by Longwood Gardens along with the entry tickets.

After dinner the families toured the Conservatory where the Children's Garden was a huge hit. How can any adult or child not be fascinated by the water displays! The choral singing and caroler groups drew our guests and most of the other people in the Conservatory for a great show.

At the end of the evening, 28 tired and delighted people thanked us for a fun evening
