

The Rotaplast fundraiser at the Media Theatre in Media was a singing sensation!

Over two hundred people enjoyed a Broadway quality performance of *The Sound of Music*. Plans are being made for next year when another Broadway hit will be performed.

Each year the theatre is booked by Rotaplast for Rotarians and other supporters to enjoy a night of fellowship and live theatre. Arrangements and ticket sales are made possible by Jack Holefelder of the Glen Riddle Rotary Club, pictured with District Governor Bonnie Korengel.

The evening performance was preceded by a gala reception of cocktails and a grazing dinner. Guests gathered in the balcony level lobby for a pre-theatre repast organized by Faith Holefelder who worked with a caterer and was supported by volunteer Rotarians. Desserts were served during the intermission so that Rotarians could continue to continue conversations with fellow Rotarians from across the district.

Kudos went out to the Newtown Square Rotary Club for their great idea. The members attended the show in place of their weekly meeting. Over twenty club members and their spouses were in attendance for the musical. One couple brought their children to see a live stage show for the first time and create an unforgettable memory.
