

Rotary Night at the Phillies

Katie and Chris Martin and Bill Friedmann were among a handful of West Chester Rotarians who joined Rotarians throughout District 7450 in attending the recent Rotary Night at the Phillies annual event. Both Katie and West Chester President Mickey Hall spoke to a number of families with teenagers who are patients at Shriners Hospital. The parents expressed gratitude to Rotary for supporting the Shriners program, and for donating over 50 tickets to enable the youngsters to attend the Phillies game. By the way, the Phillies won their game. Do you suppose the Rotarians attendance had anything to do with the Phillies win?
