

District Rotary Foundation Committee, DRFC.

-- Joseph Hetherington [joseph.hetherington@verizon.net]

It actually runs as a Club should run - several committee chairs reporting their progress each month. Bonnie Korengel PDG does an excellent job facilitating the meeting as each sub-committee chair is asked to present their report. The operational word here is - serious, as they review their progress for 2 1/2 hrs. Certainly, no one is bored or glued to their smart phone. Most are eating a \$6 salad or sandwich, and not complaining. I am impressed with the number that have a PhD. The DRFC is typically handling \$300,000 in Global Projects, \$35,000 in District Projects, an out-going \$30,000 Global Scholar, and possibly two outgoing Peace Scholars that are funded entirely by the World Fund.

The Area Coordinators job is to communicate with the 6 Clubs in their area. Ward McMaster is our Area 1 Coordinator.

There are Committees that handle the Endowment Fund, Polio fund raising i.e. the Union soccer game, the in-coming Global Scholars, PETS training, etc.

We brought nothing into the world, and we can take nothing out of it. The everyday toil to accumulate wealth without purpose or objective is meaningless. Rotary provides an objective - world peace and understanding; requires sustainability; and targets six areas of focus to maximize our impact.
